# KARIMA BENIHDA

Frontend web Developer

Agadir Morocco   +212 675600489   karimabenihda@gmail.com   Karima BENIHDA

PROFILE

Passionate developer with a foundation in HTML, Tailwind, JavaScript, React, and Laravel. Motivated, creative, and curious, I am seeking to grow my web development skills within a professional environment. Independent and confident in presentations, my goal is to gain a second hands-on experience by working on real and enriching projects.

HARD SKILLS

- HTML & CSS
- JavaScript
- React
- Bootstrap &Tailwind
- Mysql
- Postgres
- Mongodb
- Laravel
- Scrum

School experience:

2024: Participated in a React-based school management project

- The application was connected to a fake API to retrieve and manage schedule data, such as session time, day, and teacher. Users could view, add, edit, and delete sessions.

2025: Participated in an Arab and Quran teaching project

- At DeveloppeurInformatique.ma, as a frontend developer, I developed user interfaces using React and Tailwind CSS, consuming APIs with React Query. I also used Formik for form management and validation.

PROJETS

- **Organizeo: Project, Members, and Tasks Management Application built with Laravel**
- **Tkinter-Computer-Buying-App :Python**
- **CLASSIC_BMC: dynamic Business model canva**
- **Fontify: Transform text into multiple fonts**
